

Field Lacrosse

For the fall field season, the **Ontario Lacrosse Association**

Equipment Guidelines

looks at the gear you need, to bring your game...

PLAYER

Helmet: All helmets must be CSA approved for ice hockey or NOCSAE approved. The helmet must have a chin strap which must be properly secured on both sides and cannot be altered from the manufactured form.

Facemask: Cannot allow the head of the stick or ball to make contact with the face.

Mouth Guard: Mandatory.

Shoulder Pads: One piece pad made of flexible, high density impact foam pad with poly-plastic shoulder caps. When properly fitted offers protection for upper body and shoulders.

Lacrosse Gloves: High density impact foam and leather offer protection and flexibility. New contour cuff systems allow full range of motion at the wrist for maximum protection and mobility.

Arm & Elbow Guards: Light weight hard plastic that offers protection for the whole arm, while allowing full range of motion of the arm at the elbow.

Lacrosse Stick: Plastic head with aluminum, carbon graphite or titanium enhanced alloy shafts of various shapes and textures. The stick cannot be strung to with-hold the ball from play. Only one stop allowed.

Lacrosse Stick Width:
Standard stick width specifications are 4" to 10" inside measurement at the widest point.

Lacrosse Stick Length:

- Pee Wee and under (12 years and under) — 34" to 46" or 52" to 72"
- Bantam and up (13 years +) — 40" to 46" or 52" to 72"
- Federation of International Lacrosse (FIL) — 40" to 42" or 52" to 72"

Rib & Back Pads: A one piece light weight plastic and high density impact foam pad which offers protection for the rib and back area.

Lacrosse Cleats: Only grass or field turf cleat allowed.

GOALKEEPER

Lacrosse Stick: Standard goalkeeper stick width specifications are up to 15" inside measurement at the widest point and an overall length of between 40" and 72".

Helmet: All helmets must be CSA approved for ice hockey or NOCSAE approved. The helmet must have a chin strap which must be properly secured on both sides and cannot be altered from the manufactured form. Goalkeeper throat guard is mandatory.

Facemask: Cannot allow the head of the stick or ball to make contact with the face.

Mouth Guard: Mandatory.

Chest Protector: A mandatory protector for the upper body made of impact-absorbing memory-foam construction, offering flexibility and unrestricted movement. Adjustable shoulder and waist straps allow custom fitting.

Arm & Elbow Guards: Optional.

Goalkeeper Gloves: High density impact foam and leather offer protection and flexibility. New contour cuff systems allow full range of motion at the wrist for maximum protection and mobility.

Goalkeeper Pants: Shorts or track pants may be worn. Optional: Goalkeeper pants with anatomic mobility design and high impact foams.

Goalkeeper Shin Guards: Optional.

Lacrosse Cleats: Only grass or field turf cleat allowed.
